

Communication with you is of special importance to us!

AGT ENGINEERING & OPERATIONS SERVICES is a pioneer group that improves and upgrades its services by anticipating your own needs and requirements.

The newsletter you receive informs you of all current projects as well as of the latest developments on topics that may interest you. We are beside you to implement targeted proposals and solutions tailored to your environment.

The AGT ENGINEERING & OPERATIONS SERVICES group is a leading player in the choice of those who want top customer solutions.

We are delighted to present you with current issues or projects undertaken by the group.

AGT PIE CUTTING

The entire family of AGT from Greece and abroad, gathered in the award-winning TIN PAN ALLEY to celebrate the change of time and the start of the third decade of operation of the Group.

A rich evening with speeches, awards and of course fun and dance.
Within this family atmosphere, we shared our vision and vision for the future, while renewing our commitment to our stay at the top step in service delivery.

You can see how the evening went on [video on our youtube channel](#).

AGT AT "THANK YOU NIGHT" OF MAKE A WISH

We had the honor and the joy of attending the "Thank you Night" organized by Make a Wish for those who supported the organization in the past year.

There are no words about the prevailing climate and the opportunity we had to see the children who received the support with a smile despite their difficulties.

This innocent smile is the greatest reward.

The ability to form in the faces of all children and not only our fellow human beings who need our support is our driving force to continue to try and offer to the community.

NATIONAL BANK ALSO CHOOSES AGT TOTAL FM

NATIONAL BANK OF GREECE

National Leasing, member of the National Bank of Greece Group, chose the innovative AGT Total FM model for its Marousi building.

The two-year contract supports proactive & invasive maintenance services combined with a multitude of Soft Services.

At AGT we perceive the modern business need, to have a valuable partner next to them. Building on our know-how, we have created and provided a single set of services designed and tailored to the specific needs of each customer, AGT TOTAL FM.

AGT FLYING TO ZAKINTHOS

AGT won the contest for the reconfiguration of Duty Free trading premises at Zakynthos Airport, which will be taken over by its subsidiary, AGT Constructions.

This is a demanding construction project, as is the case for airport projects, something that is well known to AGT after the many long-standing collaborations with AGT Airport Services.

The AGT Engineering & Operations Services Group, with reliability, quality and versatility, stands out in the design, construction, erection, technical support and maintenance of buildings using the most up-to-date technologies under the toughest security measures.
