AGT ENGINEERING & OPERATIONS SERVICES group is a leading player in the choice of those who want top total customer solutions.

We are delighted to present you with current issues or projects undertaken by the group.

AGT TRAVELS TO ITALY

We continue our international development in Italy with a new strategic agreement in the field of F.M.

NIKAL Facility Management. Cooperation is developing in the exchange of know-how and in the common supporting multinational clients in Italy, Greece, Cyprus and other European countries.

NEW SPECIALIZED MAINTENANCE SERVICES

Muehlhan

SURFACE PROTECTION

With a view to providing state-of-the-art services, AGT Engineering & Operations Services has co-operated with the MUEHLHAN Group, which is a global leader in surface protection and special access projects. We continue to expand and upgrade our services with leading know-how for the benefit of our customers.

AGT RESPONSIBLE FOR THE MAINTENANCE OF THE N.B.G. GROUP

The National Bank of Greece Group has selected AGT Engineering & Operations Services as one of the country's leading maintenance technicians to manage the maintenance of more than 180 branches / buildings all over Greece through its' subsidiary AGT Facility Management.

The excellent support we provide with complete solutions in all sectors as a result of our years of experience and the flexibility that characterizes our services were the main criteria that led to the Group's prevalence in combination with the Pan-Hellenic coverage in Northern, Western Greece and Crete.

WE SAVE ENERGY, TIME AND MONEY

AGT Engineering & Operations Services has been invited to use its' experience in energy saving & lighting upgrades to provide one more multinational customer with the most cost-effective and environmentally friendly solution for its new production facility (BBL) in the Industrial Area of Patras.
