WE DELIVERED PROJECTS ALL OVER GREECE AND STILL CONTINUE...

All this time we completed and delivered Commercial – Industrial and Hospitality projects even if the circumstances in the Greek market were too demanding. At the same time, we continued to work on the ongoing projects and signed new important contracts in Construction & Facility Management. Large or small-scale projects, we maintain the same flexibility as we are keeping the threefold success, consistency – speed – safety.

AGT AMONG THE FIRST CHOICES

In the last quarter we have joined in Short Lists and participated in tenders that belong to the Hospitality Sector. The scope of projects is very demanding in expertise, know-how and needs much specialization in completion time. We permanently continue to be one of the first options of the companies in Construction and Facility Management.

FLYING ABROAD

We are back! We returned once again back to our clients in Europe. Our Project Managers of International sector of AGT restarted the projects and we already discussing for new ones. We remain faithful to our commitment and year after year we upgrade our position abroad by transforming AGT's profile into an international partner that makes true the moto "Your Partner in State of the Art".

We would like to thank you all of our customers with their high level standards, make us better every day and lead us to evolve by certifying the “Committed to Excellence” of our company. We updated our procedures, improved our practices and continue to adhere to all standards of protection of our staff, our partners and all of you who trust us. We invest in “safe” partnerships while continuing to be.... Committed to Challenges.

WE UPGRADED OUR CONTRACTOR’S CERTIFICATE

We are pleased to inform you that AGT Constructions SA has upgraded its contractor’s certificate to 4th Class based on long-term experience and its capital adequacy ratio. This certifying our continuous development in the Greek market. Our total financial limits have been increased and have the opportunity to claim even larger projects in public tenders, per category and overall.
